SUSTAINABILITY AND QUALITY COMBINED - BE.PART

Modern. Values preserved.

Modern. Values preserved.

rema.germany, a brand of Automotive Product Solutions-Germany GmbH, stands for sustainable remanufacturing and resource-saving solutions in the field of truck parts. As a medium-sized, family-owned manufacturing company, we combine many years of experience with state-of-the-art technology to meet the challenges of today's world.

With our European production sites and a highly digitized way of working, we develop innovative products and services that not only protect the environment, but also guarantee the highest quality.

ADBLUE® SUPPLY UNITS

Suitable for vehicles with the
emission standards Euro 4, 5 or 6

What is AdBlue?

AdBlue is the trade name protected by the German Association of the Automotive Industry (VDA) for a urea used to reduce nitrogen oxide (NOX) emissions by means of SCR systems. It is a high-purity, water-clear, synthetically produced 32.5% urea solution.

In SCR technology, the NOX produced during the combustion process in the diesel engine is subsequently converted into nitrogen (N₂) and water (H₂O) in a catalytic converter. This requires AdBlue, which - depending on the load condition - is injected into the exhaust tract.

SCR technology has been used in commercial vehicles for many years.

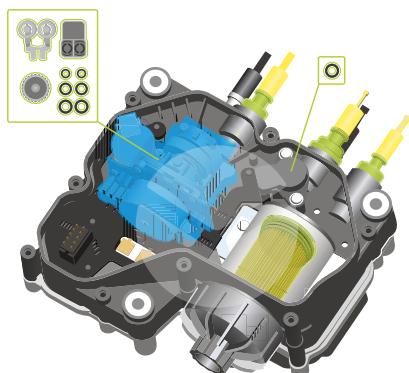

(Source: ADAC)

Highlights of the rema conveyor modules, Urea injection

- Reman in Germany
- Exchange of all check valves
- Replacement of all filters
- With new connection pipes
- End-of-line test of all conveyor modules
- Extensive product range

 always new
 prepared and tested

BRAKE CALIPERS REMANUFACTURED

24-months warranty with
unlimited mileage

Remanufactured and optimised

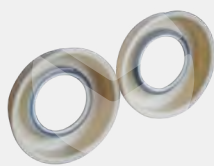

Your advantages at a glance

- Industrial standardized remanufacturing
- Technically skilled customer service
- Express shipping worldwide
- Free collection of old parts 24-month warranty with no mileage limit
- Remanufactured: extended service life conserves the earth's resources
- Use of improved components, e.g., reinforced tube bundles

Guide bolts

The newly inserted, hard chrome-plated guide bolts ensure significantly improved weathering resistance. As a result, the anti-friction properties of the brake calipers last much longer.

Sealing collars and bellows

By optimising the chemical composition of the silicone used in the sealing collars and bellows, we have managed to increase the resistance.

Potentiometers and contact pins

The additionally sealed potentiometers and electroplated contact pins of the plug's contact pin are less sensitive to moisture. The risk of corrosion damage and contact resistance is reduced to a minimum.

DIESEL INJECTORS REMANUFACTURED

24 months warranty
without mileage limit

Diesel injectors

Our programme covers the wide range of truck and bus applications.

This includes approx. 200 part numbers with over 600 OE-references for Euro 4, 5 and 6 injectors of Bosch, Delphi, Scania and Cummins. Following improvements have been included in our offering:

- Better packaging to avoid transport damages to the new as well as to the injector-core.
- Each Scania XPI - injector carries a label for easy and secured synchronization with the ECU.
- General replacement of ALL components, which are wear parts in OE quality

DIESEL PARTICULATE FILTERS

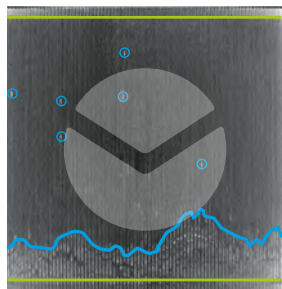

EURO 6

3 year warranty without
mileage limit

rema.germany DPF

- All DPF approved for the corresponding OE application
- Filter performance of the new DPF (infills) to OE standard or better!
- Europe's most comprehensive exchange program
- Remanufacturing according to OES standard processes:
 - » Check the core
 - » Cleaning in a complex procedure
 - » Purge air process
 - » Rinse
 - » Dry
 - » Filter performances of min. 97% achieved compared to new parts
- All environmental standards are satisfied (COSHH, REACH...)
- Immediate replacement with no time lost
- Fair core criteria

Normal cleaning methods in IAM (*)

Remaining flow restrictions due
to filter areas not being reached

rema.germany DPF cleaning system (**)

As clean as new

- Optimum exhaust back pressure
- Optimum fuel consumption

rema.germany DPF

Clamps/seals always included

Mounting kits also available separately!

DPF FOR DAF CF/XF FROM 2017

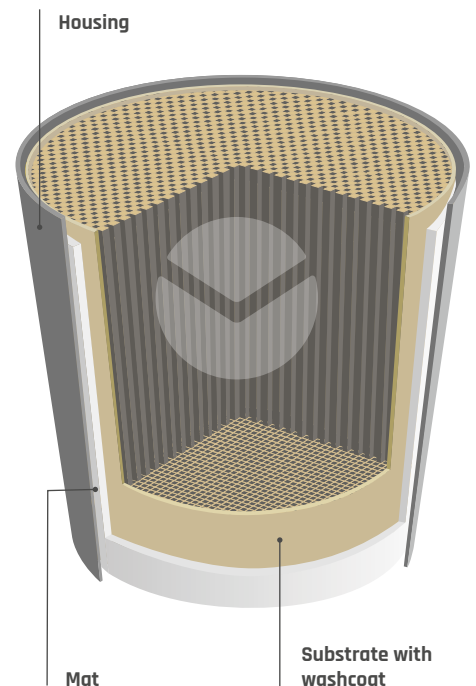

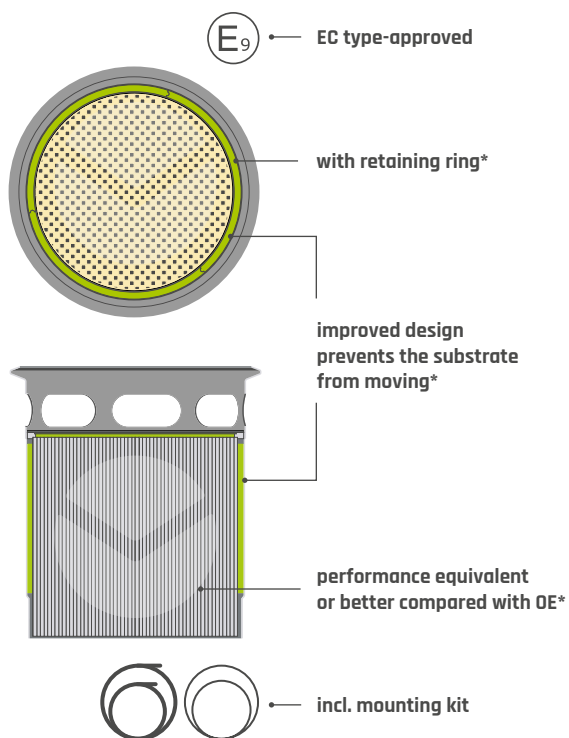

Available as new part
844040N or remanufactured

Optimised
rema.germany DPF

Classic DPF

Structure of a DPF

Further advantages

- 36-month warranty without KM limit
- Filter performance with remanufactured DPF of at least 97% compared to the OE new part
- Remanufactured according to OES standard
- Technically experienced customer service
- High availability from the leading wholesalers in Europe
- remanufactured: the extended service life conserves the earth's resources

APS # 844040, 844040N

Suitable for DAF CF/XF from 2017, OE reference: 2192100, 2192100R, 2144435, 2144435R, 2326074, 2326074R, 2410280, 2410280R

Redemption

When you purchase 844040N, we offer to trade in your old part, provided it has the OE reference no. 2410280 or 2410280R.

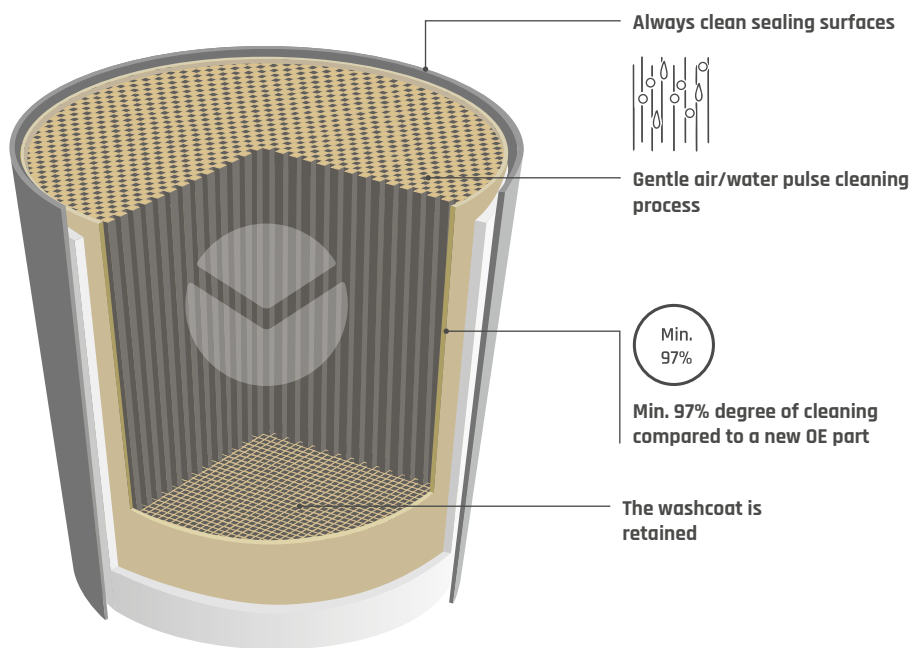

* applies to 844040N

DIESEL PARTICULATE FILTER FOR IVECO IN EXCHANGE

All common applications for
trucks and buses available

rema.germany DPF

Durability comparable to
new OE part

No exposure to heat and
chemicals

incl. mounting kit

Further advantages

- 36 months warranty without KM limit
- Filter performance with remanufactured DPF of at least 97% compared to the OE new part
- Reprocessing according to OES standard
- Technically skilled customer service
- High availability from the leading wholesalers in Europe
- remanufactured: the extended service life conserves the earth's resources

Application

- Suitable for all standard IVECO trucks and buses
- > 85% of all vehicles registered in the EU covered
- For motors:
 - > Tector 5 & 7
 - > Cursor 8, 9, 11 & 13
- Overview: see following page

EGR MODULES, EGR VALVES, THROTTLE VALVES AND PNEUMATIC CYLINDERS

Warranty: 24 months
without mileage limit

The advantages at a glance

- Standardised, industrial remanufacturing
- Technically skilled customer service
- Worldwide express shipping
- Old parts picked up for free
- 24-month warranty with unlimited mileage
- Remanufactured: the extended lifespan conserves our Earth's resources
- Use of improved components, e.g. reinforced pipe bundles

REMANUFACTURED INJECTORS FOR CATERPILLAR

Now available for Caterpillar C4, C6, C7, C9, C12 & C15, 3500 EU1 and many more...

FUEL INJECTORS FOR OFF-HIGHWAY

Further advantages

- 1 year warranty
- remanufactured according to OES standard
- Technically skilled customer service
- High availability from the leading wholesalers in Europe
- remanufactured: the extended service life conserves the earth's resources

Trim file

Each injector receives a unique trim file in addition to the trim code during remanufacturing. This is enclosed on CD-ROM.

REMANUFACTURED FUEL INJECTORS

High quality remanufactured injectors for all Cat® engines

MOUNTING KITS FOR DIESEL PARTICULATE FILTERS

rema.germany DPF mounting kits

- Comprehensive delivery program for all common diesel particulate filters for trucks and buses
- Improved corrosion protection * through manufacture in stainless steel
- Production with laser technology in OE production facilities
- All components required to install the DPF in one kit
- There is no need for time-consuming searching for individual clamps and seals
- High cost savings compared to individual purchase

* compared to OE; applies to most clamps and seals, as part of the rema.germany DPF mounting kits

DPF mounting kits

NewAMT TRANSMISSION CONTROL FOR MERCEDES

Reman in Germany

patented cleaning process
guarantees optimum function like
a new OE part

reconditioning of the OE shift rod
using laser technology by applying
hardened material

always with new seals

no programming
required

always incl. new
ECU seal

Further advantages

- industrial, standardized remanufacturing
- technically experienced customer service
- high availability from the leading wholesalers in Europe
- 24 months warranty with no mileage limit
- remanufactured: the extended service life conserves the earth's resources

APS # 949000

Repair kit (lower part), without control unit
Suitable for Mercedes, OE reference:
A9602605363, A9602608863, A9612606963, A9612607063

i Notice

You use your existing control unit, so no programming or calibration is required.

STEERING GEARS REMANUFACTURED

24-months warranty with
unlimited mileage

The advantages at a glance

- Standardised, industrial remanufacturing
- Technically skilled customer service
- Old parts picked up for free
- 24-months warranty with unlimited mileage
- The extended lifespan conserves our Earth's resources

rema.quicktrain - intensive training course on "steering systems"

rema.germany offers a 30-minute intensive training course on the "steering systems" product group: short, intensive, know-how! You can sign up and take part in the rema.quicktrain webinars for free.

The specific dates for the product groups can be found in the next rema.news. We would also be happy to conduct separate rema.quicktrain training courses for interested groups, departments, and branch offices.

Note

Any questions, suggestions or registrations? Get in touch with us at sales@rema-germany.com

TRANSMISSION CONTROL UNITS IN EXCHANGE

Warranty: 24 months
without mileage limit

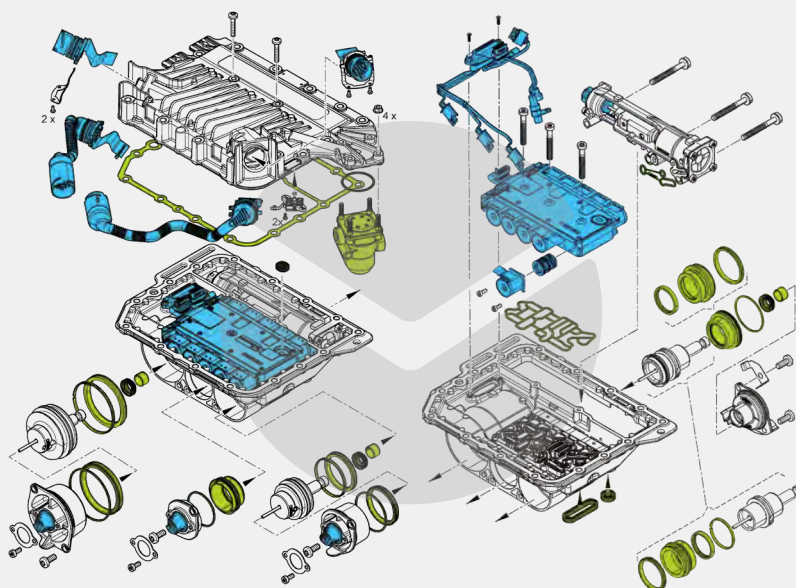

The advantages at a glance

- Standardised, industrial remanufacturing
- 24-months warranty with unlimited mileage
- Technically skilled customer service
- Remanufactured: the extended lifespan conserves our Earth's resources

Our Remanufacturing includes the following:

- Components marked in green are replaced with new parts
- Components marked in blue are subjected to electrical/electronic tests and calibrated
- All reusable parts, marked here in white, are checked for dimensional accuracy, damage and proper function, and cleaned

Our product range

Remanufactured transmission control units

Item no.	Manufacturer	Fits
Transmission control unit for AS Tronic transmission
